

Parasailing Operations

Know Your **ROPES**

Remember

Your towline! Most accidents are related to the failure of the tow line. Remember to continuously assess your line.

Observe and Monitor

Weather! Increased winds and other weather conditions can significantly impact your operations. Cease operations well in advance! See ASTM 'Weather' Standard F2993-13.

Prepare

Be ready for any emergency. Have well documented procedures and conduct crew training frequently.

Ensure

Ensure your equipment is properly maintained. Immediately correct any problems.

Safety

Safety is up to you...the Operator! Do everything you can to ensure the safety of your passengers.
